✉️ elesandro-bornhofen Last update: 13th November 2022

Career highlights & interests

Over 10 years' experience in practical applications and theoretical bases of plant genetics and breeding. A demonstrated track record of international working experiences, peer reviewed publications, and statistical learning applications to biological problems. Strong expertise in crop management and breeding for yield, quality, and stress tolerance, with a recent wheat cultivar released to the Brazilian market. Passionate about designing tomorrow's crops by leverage state-of-the-art tools for optimized breeding decisions. Additional interests include finance and equity markets.

Educational training

2015 – 2019	Ph.D. in Genetics and Plant Breeding University of São Paulo, “Luiz de Queiroz” College of Agriculture, Piracicaba, São Paulo, Brazil. Advisor: Dr. Natal A. Vello Thesis: Genetic analysis reveals opportunities and obstacles of tolerance to the Asian soybean rust fungus.
2018 -	Ph.D. sandwich at University of Minnesota Advisor: Dr. Aaron J. Lorenz Subject: Genomic selection on the soybean nested association mapping (NAM) populations / breeding for Asian soybean rust tolerance.
2018 – 2020	MBA in Business Management University of São Paulo - USP/ESALQ MBA thesis: Portfolio diversification and re-balancing: impacts on risk-return trade-off.
2016 – 2017	MBA in Project Management University of São Paulo - USP/ESALQ MBA thesis: Associations between global indices of risk management and agricultural development through multivariate analysis.
2013 – 2015	M.Sc. Agronomy Federal University of Technology - UTFPR, Paraná, Brazil. Advisor: Dr. Giovani Benin Dissertation: Evaluation of genetic and environmental effects on yield improvements, baking quality and stability of wheat.
2008 – 2012	B.Sc. Agronomy Federal University of Technology - UTFPR, Paraná, Brazil.
2005 – 2007	Agriculture and Livestock Technician State Center for Professional Education in the Southwest of Paraná - CEEP-Sudoeste, Paraná, Brazil

Employment History

2020 – pres.	Postdoctoral Researcher ¹ at Center for Quantitative Genetics and Genomics - QGG, Aarhus University, Denmark.
2019 – 2020	Half-year sabbatical period in San Diego, California, USA.
2017 – 2019	Doctorate Research Fellow, São Paulo Research Foundation. (FAPESP).
2016 – 2020	Academic Advisor - MBA at PECEGE Institute.
2018	Visiting Scholar at CFANS, University of Minnesota, Saint Paul Campus, Minnesota, USA.
2015 – 2017	Doctorate Research Fellow, Coordination for the Improvement of Higher Education Personnel (CAPES).

¹Working with Dr. Luc Janss. (supervisor).

Employment History (continued)

- 2013 – 2015 Master's Degree Research Fellow, Coordination for the Improvement of Higher Education Personnel (CAPES).
- 2012 Research Intern at Tropical Melhoramento & Genética (TMG), Paraná state, Brazil.
- 2008 – 2012 Scientific Initiation Research Fellow, National Council for Scientific and Technological Development (CNPq).

Peer-reviewed publications (16 out of 24)

Intellectual property

Crop variety UTF 25 - Protected wheat cultivar [Minister of Agriculture, process: 21806.000111/2019] developed at the Federal University of Technology - Paraná | shorturl.at/ilQ17.

Skills

Languages	Portuguese:
	English:
	Spanish:
	Danish:
Coding	R, LATEX, Python (familiar), Shell, Markdown.
Softwares	ASreml, DMU package, Microsoft 365 products, Photoshop, RStudio.
Misc.	Expertise in data visualization, statistical learning (w/ big data), academic research, teaching, training, entrepreneurial, project management, business management, and strong creative thinking.

Miscellaneous Experience

Awards and Achievements

- 2018 Certification of Achievement (second prize), Graduate student poster competition, presented at the 17th Biennial Conference on the Molecular and Cellular Biology of the Soybean, August 26-29th, Athens, Georgia, USA.
- Research Internship Abroad (BEPE - FAPESP), process number 2017/24266-0 (grant).
- 2017 Doctorate Fellowship (FAPESP) process number 2017/11235-0 (grant).
- 2015 Ranked 1st in the admission process for Ph.D. in Genetics and Plant Breeding at ESALQ, University of São Paulo, (2nd semester, 2015)
- 2014 Approved for the position of agronomist/extensionist at EMATER-PR, process number 148/2014, resolution number 13274 (public sector).

Membership & Leadership

- 2021 – pres. Eucarpia, European Association for Research on Plant Breeding.
- 2019 – pres. Brazilian Society of Plant Breeding.
- 2017 – 2019 Gwenck member (and co-founder), Genetics and Plant Breeding Group “Prof. Roland Vencovsky”.
- 2014 – 2015 Graduate Student Representative at Federal University of Technology, Graduate Program in Agronomy.

Science communication

- 2019 – pres. Terra Ciência, an Instagram page to communicate agricultural sciences, with emphasis on plant breeding.

Courses (3 out of 20)

- 2017 Introduction to Bayesian Inference (16h), Department of Statistics, University of São Paulo, ESAL/USP, Piracicaba, São Paulo.
- 2016 Mixed models and variance components (120h), Department of Statistics, University of São Paulo, ESALQ/USP, Piracicaba, São Paulo.
- 2013 Techniques for a better public speaking (21h), National Service for Commercial Training - Senac, Pato Branco, Paraná.

International Events (8 out of 14)

- 2019 Brazilian Congress of Plant Breeding, Águas de Lindóia, São Paulo, BRA.
CROPS2019: Improving agriculture through genomics, Huntsville, Alabama, USA.
- 2018 2nd International Meeting on Plant Breeding (*organizing committee*), Piracicaba, São Paulo, BRA.
SOY2018 Conference: 17th Biennial Conference on the Molecular and Cellular Biology of the Soybean, Athens, Georgia, USA.
New Frontiers in Genetic Evaluation, Corteva headquarters, Johnston, Iowa, USA.
University of Minnesota Plant Sciences Symposium - From markers to markets, Saint Paul, Minnesota, USA.
- 2017 II LAPhPB - Second Latin-American Conference on Plant Phenotyping and Phenomics for Plant Breeding, Embrapa Instrumentation, São Carlos, São Paulo, BRA.
9th Brazilian Congress of Plant Breeding, Foz do Iguaçu, Paraná, BRA.
